REDS TOOK EARLY LEAD

AND DEFEAT CUBS

Chicago, May E.—Cheinnail took an early lead on Chicago today by hitting thanson and Cheeses hard and won easily 1 to 7. Luque weakened if he see that hining and was driven off the mound. Marquard, who replaced him was wild and gave way to Brenton, who stopped the raily. The batting of Bohn and Harguaye, and the former's steal home after tripling in the third inning.

COLDHAM LOSING GAME St. Louis, May 5—St. Louis was helpless before Oldham today while Detroit hit shocker freely and won 9

Totals 39 35 57 14

Cleveland May 5.—Faber's pitching and Sheely's batting gave Chicago a 4 to 0 victory over Cleveland today. Faber hald the world's champions to two hits and no runs at Chicago last week. Today he duplicated his feat. Cleveland's first hit was a double by Speaker in the seventh inning while Jamicson scratched an infield hit in the ninth. Score:

LIBERTY BONDS

MARKET EXTREMELY ACTIVE New York, May 5.—Operations in the Missouri I Me K & Moscow in Me K & Mesouri I mares, the largest total of any session to fate this year. The activity was accomp-nied by gross gravas of 1 to 5 points in searly every quarter of the list.

Among the incluents which accelerated as advance were the optimistic views if fevereor Harding of the federal reserve

The latter was generally interpreted as eruof of the further relaxation of credits, which have been the chief obstacles of improvement to trade and industry for the last six months.

Hails dominated the market, more than a score of those issues scoring advances of I to slightly more than 4 points. of I to singuity more than 4 points.

Steels and railway equipments derived additional benefit from the U. S. Steel wage cut. Steel common at its bost addsd aimost another point to yesterday's naximum, but this was shaded later, improvement in the independent steels

was more substantial Shorts evidently deemed it advisable to reverse their position in oils and motors and the same enforced procedure accounted for the strength of shippings, leathers, chemicals and food issues, where less material gains were registered.

usual irregular conditions ruled The usual irregular conditions ruled in the money market, call loans holding firm of the exchange at 5 1-2 per cent. with free offerings in the open market at 5 and even 5 3-4. Exchange on London was harely steady, but French, Belgian, Dutch and Italian rates continued to strengthen, even the German remittance showing slight improvement.

Rails featured the bond list, convertible essues enhancing resterday's gains. In-ternational also hardened, but Liberty bonds made only trifling gains or losses Total sales (par value) aggregated \$11.

CHICAGO GRAIN MARKET. Chicago, May 5.—Big upward swing today in the price of wheat results today in the price of wheat resulted largely from adverse reports of crop conditions southwest. The market closed strong at 5 1-4 to 6 3-4 net higher, with May \$1.44 1-2 to \$1.44 3-4 and July \$1.14 1-4 to \$1.15. Corn gained 7-8 to 1 3-8c; oats 1 3-8c and provisions 15 to 55c.

One of the leading crop experts of the country reported that there was evidence of notable deterioration in the wheat fields between Wellington, Kas, and Enid, Okla, and that the reperal decline in Ohla, and that the general decline in condition would be manifest when the wheat plant heads. Before this news was received the market had a downward shart but persistent buying on the part of strong commission houses ensued, and with export demand apparent both for wheat and rye the advances thereafter

Corn and oats ascended with wheat. The rise was helped by export sales of corn. Iowa and Oklahoma advices told of damage to oats.

Provisions were lifted by the grain bulge, although depressed at first by

weakness in the hog market. CHICAGO GRAIN MARKET. Low. 107 10514

\$6,500,000 1,000,000 \$ 7,500,000 \$2,990,000 8,486,000 \$11,476,000

From a letter of Mr. Irvin W. Day, Vice-President of the Company, we summarize as follows:

BUSINESS: The Company supplies electric light and power to a population of about 300,000 in an important industrial section of Connecticut, including the cities of Waterbury and New Britain and the Naugatuck Valley district. The properties operated include electric generating plants with a present installed capacity of 68,000 horsepower, of which 34,600 horse power is hydro-electric (two plants); about 120 miles of high tension transmission lines; and distributing systems in about 20 cities and towns.

SECURITY: These bonds will be secured, in the opinion of counsel, by a first mortgage on the main hydro-electric plant, on the Housatonic River, having a present installed generating capacity of 25,000 horse power, 61 miles of important transmission lines, and valuable undeveloped water powers; and by a second mortgage, subject to the \$1,000,000 divisional bonds, on the Company's second hydro-electric plant (9,600 horse power) and 25 miles of transmission lines. They will also be a first lien on a 999 year lease of the electric distributing systems in Waterbury, New Britain and a number of other towns, including a steam electric plant of about 33,000 horse power capacity.

The Company's property investment is appraised at \$15,248,000, or more than twice its \$7,500,000 funded debt. This appraisal does not include net current assets of \$1,424,000 nor any valuation of the Company's undeveloped water powers. The owned property alone is valued at more than \$10,400,000, of which nearly \$8,000,000 represents the property on which these \$6,500,000 Bonds are a first mortgage.

EARNINGS for the year ended March 31, 1921, being the first full year's period after the completion of the main hydro-electric plant:

Gross Earnings, Net Income Applicable to Fixed Charges, 1,914,451 Present Annual Interest and Rental Requirements, including Interest on this issue,

The above Net Income is more than twice the present fixed charges,

SINKING FUND: Annual Sinking Fund, first payment September 1, 1922, will be sufficient to retire at least 70 per cent of all Series A bonds issued or to be issued.

We recommend these Bonds for Investment

Price 95 and accrued interest, yielding about 7.40%
